Iranian art showcased in online auction

Anna Seaman | September 6, 2015

Artscoops, one of the region's coolest online galleries and art platforms is launching a new exhibition next week. Derision and Paradox in Iranian art features the work of artists such as Fereydoun Ave, Dara Gallopin, Mostafa Choobtarash and Shadi Ghardirian and offers pieces such as these pictured here.

Running from September 15-29, check out the website artscoops.com
