
16th Edition
GLOBAL
BLOCKCHAIN
CONGRESS
MARCH
18th & 19th, 2027
Dubai, UAE

“

The Global Blockchain Congress delivered exceptional value, one of the best events I’ve attended in terms of tangible outcomes.

The quality and relevance of the investors, the curated one-on-one meetings, and the overall organization were outstanding. It’s rare to find an event where almost every interaction feels meaningful and well-matched, and Agora’s team made sure our time was used efficiently and productively.

MAAN FTOUNI

Chief Executive Officer

CoinQuant

16th Edition

GLOBAL BLOCKCHAIN CONGRESS

The Global Blockchain Congress is a closed-door, invitation-only event connecting pre-qualified investors from all over the world with carefully selected blockchain, Web3, digital asset, and AI-driven companies raising capital.

As blockchain, digital assets, and artificial intelligence increasingly converge, GBC brings together the founders and investors building the next generation of decentralized and intelligent technologies.

The Global Blockchain Congress leverages the experience gained through the hosting of 15 editions of the event in Dubai, 2 editions in London, 1 edition in Vietnam, & 1 edition in Singapore to ensure maximum return on Investment for all of our sponsors.

THIS IS NOT A CONFERENCE NOR AN EXHIBITION.

This is an exclusive, closed-door, congress between investors and hand-picked blockchain, digital asset, Web3, & AI startups looking to raise funds.

It is the only event of its kind and it will bring together qualified investors (VCs, Private Equity Firms, Family Offices, Crypto Funds, and High Networth Individuals) with startups looking to raise funds.

OUR EVENTS ACROSS THE GLOBE

DUBAI - UAE

15 EDITIONS

LONDON - UK

2 EDITIONS

WHY GBC DELIVERS

Not a conference. Not an exhibition. An investment platform.

GBC is built around curated, pre-arranged one-on-one meetings between startups raising capital and qualified investors actively looking for opportunities.

You choose who you want to meet.

Participating projects review the investor profiles in advance and select the investors most relevant to their fundraising objectives.

Every interaction is designed to create value.

Instead of relying on chance networking, GBC creates a structured environment focused on meaningful conversations, investor feedback and potential investment opportunities.

This highly curated format is designed to maximize the value of your time & investment

100+ QUALIFIED INVESTORS

Family Offices, VCs, Private Equity Firms, Crypto Funds, & other active investors

$5B+ COMBINED INVESTMENT BUDGET

Across the participating investor community

20 SELECTED BLOCKCHAIN, WEB3 & AI-DRIVEN COMPANIES

Limited participation to preserve the quality of every interaction

THE RIGHT INVESTORS.
THE RIGHT PROJECTS.
MEETINGS THAT MATTER.

YOUR PATH TO THE RIGHT INVESTORS

A fully curated process from investor qualification to pre-arranged one-on-one meetings

WE CURATE THE INVESTORS

We identify and invite qualified investors actively seeking opportunities in blockchain, Web3, digital assets, AI & emerging technology.

WE QUALIFY EVERY PROFILE

Each investor is screened based on investment mandate, sector focus, budget and decision-making authority.

YOU REVIEW THE INVESTOR LIST

Ten days before the event, you receive the profiles of participating investors, including their organization, role, investment focus, budget and background.

YOU SELECT WHO YOU WANT TO MEET

You choose the investors most relevant to your fundraising goals and business strategy.

WE BUILD YOUR MEETING SCHEDULE

We arrange your pre-scheduled one-on-one meetings and provide your personalized agenda before the event.

THE ECOSYSTEM WE BRING TOGETHER

GBC welcomes high-growth companies building across the blockchain, digital asset and emerging technology ecosystem, including but not limited to:

AI × Web3
Agents • Compute • Data

Blockchain Infrastructure & Protocols
L1s • L2s • Interoperability

Bitcoin & Emerging Ecosystems
Bitcoin • New Protocols • Emerging Networks

Consumer Web3 & Creator Economy
Social • Communities • Creator Tools

Data, Oracles, & Analytics
Oracles • Intelligence • Analytics

DeFi & On-Chain Finance
Lending • Liquidity • Asset Management

DePIN & Decentralized Compute
Infrastructure • Storage • Connectivity

Prediction Markets & Event Trading
Event Contracts • Forecasting • Market Infrastructure • Liquidity

Exchanges, Trading, & Liquidity
Trading • Market Making • Infrastructure

Gaming & Digital Ownership
Gaming • Digital Assets • Ownership

Identity, Compliance, & RegTech
Identity • KYC/KYT • Compliance

Institutional Digital Assets & Enterprise
Treasury • Infrastructure • Enterprise Solutions

RWA & Tokenisation
Real Estate • Credit • Securities

Stablecoins & Payments
Payments • Settlement • Remittances

Wallets, Custody, & Security
Wallets • Custody • Cybersecurity

HOW WE QUALIFY OUR INVESTORS

Every investor attending GBC goes through a qualification process designed to ensure that founders meet relevant, active and credible sources of capital.

DETAILED INVESTOR PROFILE

Every investor provides their name, title, organization, investor type, investment focus, budget, preferred investment structure and investment strategy.

DECISION-MAKING AUTHORITY

Participating investors are senior professionals directly involved in investment decisions within their organizations.

ACTIVE INVESTMENT APPETITE

Investors are selected based on their active appetite for opportunities across blockchain, digital assets, AI and related emerging technologies.

MEANINGFUL INVESTMENT CAPACITY

Participating investors meet a defined minimum investment budget requirement.

UAE: A GLOBAL DIGITAL ASSET HUB IN 2027

Where digital assets, AI, and advanced technology increasingly converge

Clear Regulation Built for Scale

The UAE continues to develop a sophisticated regulatory environment for digital assets. In Dubai, VARA provides a dedicated framework covering the full spectrum of virtual-asset activities, while the DIFC operates its own evolving Crypto Token regime through the DFSA. Continued regulatory developments are creating clearer pathways for exchanges, custodians, investment firms, token issuers and other digital-asset businesses.

Tokenisation Moves Into the Real Economy

Dubai is turning tokenisation from concept into market infrastructure. In 2026, Dubai Land Department advanced its Real Estate Tokenisation Project into a second phase, enabling secondary-market activity within a regulated framework. DLD projects that tokenised real estate could reach AED 60 billion by 2033 — demonstrating how blockchain is increasingly being applied to real-world assets at scale.

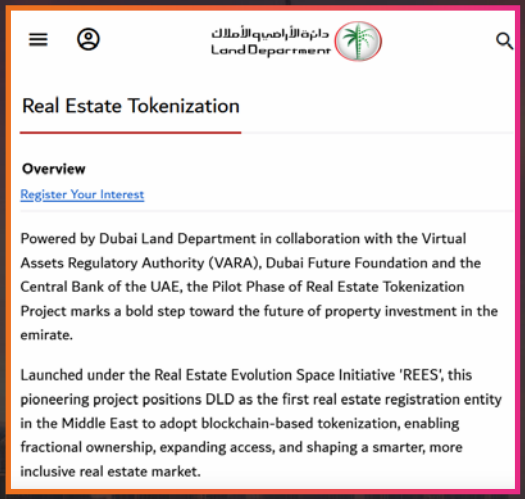

AI & Digital Infrastructure at Scale

The UAE is also accelerating its investment in artificial intelligence and advanced digital infrastructure. Abu Dhabi's Government Digital Strategy 2025–2027 is backed by AED 13 billion and aims to make the emirate the world's first fully AI-native government by 2027, with more than 200 AI solutions planned across government services. This growing focus on AI, sovereign cloud infrastructure and data-driven innovation is creating an increasingly relevant environment for companies building at the intersection of AI, blockchain and digital infrastructure.

Why the UAE Matters for GBC

The UAE is increasingly where regulation, capital, technology and real-world adoption converge. From virtual-asset licensing and institutional investment to tokenised real estate, stablecoins, artificial intelligence and digital currency infrastructure, the country is creating an increasingly sophisticated environment for founders and investors building across blockchain, digital assets, AI and the technologies emerging at their intersection.

PROGRAM DAY 1: *Thursday, March 18th, 2027*

08:30 - 09:30 60 Minutes	**Registration & Refreshments**
09:30 - 09:35 5 Minutes	**Opening Remarks - Welcome Note** *Hadi Malaeb - Co-Founder & CEO, Agora Group*
09:35 - 10:05 30 Minutes	**Panel Discussion** **UAE 2027: Building the Global Capital Hub for Digital Assets** The UAE continues to strengthen its position as a leading hub for digital assets, supported by evolving regulation, institutional adoption, and government-backed innovation. This panel will explore the UAE's growing role in global digital-asset markets and the opportunities ahead for investors, financial institutions, and Web3 companies.
10:05 - 10:25 20 Minutes	**Title Sponsor Presentation**
10:25 - 10:40 15 Minutes	**Presentation**
10:40 - 10:50 10 Minutes	**Presentation**
10:50 - 11:00 10 Minutes	**Presentation**
11:00 - 11:15 **15 Minutes**	**Coffee Break & Networking Session**
11:15 - 13:00 1hr 45 Minutes	Meeting 1 - 15 Minutes Meeting 2 - 15 Minutes Meeting 3 - 15 Minutes Meeting 4 - 15 Minutes Meeting 5 - 15 Minutes Meeting 6 - 15 Minutes Meeting 7 - 15 Minutes

13:00 - 14:00 **60 Minutes**	**Prayer Break & Lunch**
14:00 - 14:30 30 Minutes	**Panel Discussion** **Stablecoins: From Crypto Rails to Global Payments** Stablecoins are evolving beyond their role in crypto markets to become a potential foundation for global payments and financial infrastructure. This panel will explore their impact on cross-border payments, corporate treasury, remittances, settlement, and the future of digital money.
14:30 - 15:00 30 Minutes	**Panel Discussion** **Tokenization at Scale: From RWAs to Onchain Capital Markets** Tokenization is moving from experimentation toward real-world financial applications, with assets ranging from Treasuries and private credit to real estate and equities moving onchain. This panel will examine how tokenization is transforming access, liquidity, settlement, and the way global capital markets operate.
15:00 - 15:30 30 Minutes	**Panel Discussion** **DeFi: Institutional Liquidity, Onchain Credit, & Programmable Finance** DeFi is entering a new phase as institutional capital, onchain credit, tokenized collateral, and increasingly sophisticated financial products converge. This panel will explore how decentralized finance is evolving into a more scalable and institutional-grade financial ecosystem.

15:30 - 15:45 **15 Minutes**	**Coffee Break & Networking Session**
15:45 - 17:00 1hr 15 Minutes	Meeting 8 - 15 Minutes Meeting 9 - 15 Minutes Meeting 10 - 15 Minutes Meeting 11 - 15 Minutes Meeting 12 - 15 Minutes
17:00	**Chairman Closing Remark & End of Day One**

PROGRAM DAY 2: *Friday, March 19th, 2027*

09:00 - 09:30 30 Minutes	**Registration & Refreshments**
09:30 - 09:35 5 Minutes	**Opening Remarks & Welcome From the Chairman of the Congress**
09:35 - 10:05 30 Minutes	**Panel Discussion** **The Agentic Economy: AI Agents, Blockchain, & the Future of Digital Commerce** AI agents are moving beyond simple automation toward autonomous systems capable of making decisions, interacting with businesses, and executing transactions on behalf of users. This panel will explore how AI agents are transforming business and digital commerce, and the role blockchain, digital assets, and decentralized infrastructure could play in enabling secure, autonomous transactions. Speakers will discuss emerging applications, opportunities for startups and investors, and what the rise of the agentic economy could mean for the future of digital business.
10:05 - 10:35 30 Minutes	**Title Sponsor Presentation** **The Future of AI Infrastructure: Compute, Data, DePIN, & the Machine Economy** The rapid growth of AI is creating unprecedented demand for compute, data, connectivity, and decentralized infrastructure. This panel will explore how DePIN, decentralized compute, data networks, and blockchain-based coordination could support the next generation of AI infrastructure and the machine economy.
10:35 - 10:45 10 Minutes	**Presentation**
10:45 - 11:00 **15 Minutes**	**Coffee Break & Networking Session**

11:00 - 13:00 2 Hours	Meeting 13 - 15 Minutes Meeting 14 - 15 Minutes Meeting 15 - 15 Minutes Meeting 16 - 15 Minutes Meeting 17 - 15 Minutes Meeting 18 - 15 Minutes Meeting 19 - 15 Minutes Meeting 20 - 15 Minutes
13:00 - 14:00 **60 Minutes**	**Prayer Break & Lunch**
14:00 - 14:30 30 Minutes	**Panel Discussion** **Where Is the Capital Going? Investing in the Next Generation of Digital Assets & AI** As digital assets and artificial intelligence continue to evolve, investors are becoming increasingly selective about where they deploy capital and which technologies have the potential to shape the next phase of the market. This panel will explore the sectors attracting investment across AI, blockchain infrastructure, stablecoins, tokenization, DeFi, and emerging technologies, while examining how investment strategies are evolving and where investors see the greatest opportunities ahead.
14:30 - 15:00 30 Minutes	**Panel Discussion** **Web3 Goes Mainstream: From Crypto Users to Mass Adoption** The next phase of Web3 will depend not only on financial applications and infrastructure, but on bringing blockchain-powered products to millions of everyday users. This panel will explore what is needed to move Web3 beyond its existing user base, including consumer applications, digital identity, payments, gaming, social platforms, and simplified user experiences. Speakers will discuss where genuine mass adoption is happening, what barriers remain, and which use cases could bring the next wave of users onchain.
15:00 - 15:30 **30 Minutes**	**Coffee Break & Networking Session**
15:30	**The Global Blockchain Congress Awards Ceremony & Closing Remarks.**

GBC
DUBAI

TESTIMONIALS

Agora have seen the vision prior to that being a vision in Dubai when they were hosting the GBC when Crypto was still seen as something negative. What they have done has been super successful in navigating the storm and what we see today at the GBC is just brilliant with so many great minds & amazing projects coming together all under one roof.

There was a real vibrant atmosphere and everyone understood that we are in a building phase and we were able to have this togetherness all down to the amazing Agora team for putting this show together and making everything flow so smoothly.

Mohamed Ezeldin - Head of Tokenomics, *Animoca Brands*

Agora has exceed my expectations on how a Project-VC event should be organized. The meetings were well organized, well paced and every project was given sufficient time to introduce their concepts to the VCs, with enough off time in between to socialize and mingle around with the rest of the participants. It was one of the events that I find that the fees was worth every dollar spent, and was happy to take away the experiences, lessons and contacts obtained in this 2 day event. It has been an honour to be invited by Agora to come and pitch Staynex at the event, and will be keen to attend future versions.

Bernard Lau - CEO & Co-Founder, *Staynex*

What always stands out most at your events is the quality of both the projects and the attendees. Gathering serious industry leaders, visionary founders, and top-tier investors makes the discussions genuinely valuable and relevant. The exclusivity of the setting and attendance allowed for more meaningful conversations and partnerships, something that's often missing in larger, less targeted conferences.

The one-on-one meeting structure was excellent, increasing the chance of real outcomes. I also appreciated the smooth organization, hospitality, and overall professional execution across all days of the event.

Zaher El Orm - Crypto Centre Manager, *DMCC*

This is the 4th time that we have participated in Agora's GBC and Agora's team have been nothing but utmost welcoming & very helpful to our project! Every time that we were working on a fundraise, we've been treated very kindly and they've been bringing investors and helping our project grow.

The level of follow-up after the events are very critical and they've been doing an excellent job both pre and post event. I couldn't recommend the Global Blockchain Congress more.

Neil Kapoor - Business Development, *Casper Labs*

We are thrilled to share our positive experience at our first attendance at the GBC. This event has proven to be an invaluable platform for forging personalized and tailored connections within the blockchain community. Unlike larger, overwhelming conferences, the GBC strikes the perfect balance in size, fostering an environment conducive to quality networking. This setting allowed us to engage meaningfully with key individuals who showed a genuine interest in our project. We are eagerly anticipating the next GBC. Our experience this year has set a high precedent, and we look forward to participating again!

Christian Trejo - CSO & Co-Founder, *BBAChain*

Agora's GBC was well-organized and offered plenty of opportunities to connect with fellow VCs and founders. On the project side, we are currently doing follow-ups with startups from my 1-on-1 meetings, several of which are showing promising potential.

On top of that, our portfolio projects participating in the event highlighted the exposure to a great number of VCs, ongoing investment conversations, and honest feedback. I'm not going to miss the next editions of GBC in Singapore and/or Dubai.

Petr Hluze - General Partner, *Nammu Capital*

Embarking on a 16-hour journey from Brazil to attend this event wasn't a simple feat for our startup. However, from the moment we set foot here, the rapport established with prospective venture capitalists worldwide has been remarkably encouraging.

Now, as we return home, we do so with more than just promising conversations; we carry the weight of over 12 major venture capitalists expressing keen interest in our venture, eagerly scheduling follow-up discussions. I would like to extend heartfelt gratitude to the organizers of the GBC for their tireless efforts in orchestrating such a remarkable gathering. Your dedication has provided us with invaluable opportunities, and for that, we are sincerely thankful.

Lucas Schoch - Founder & CEO, *BWS*

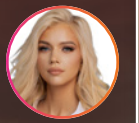

It was truly a pleasure to be part of such a well-organized and high-caliber event.

I was particularly impressed with the quality of discussions, the caliber of investors and projects in attendance, and the structured approach to facilitating meaningful connections.

The Agora team did an excellent job curating a platform that fosters real engagement and strategic opportunities.

Overall, it was a fantastic event, and I appreciate the opportunity to connect with key industry stakeholders. I look forward to future collaborations with Agora and seeing how the congress continues to evolve.

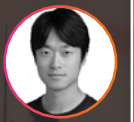

Jimi Ibrahim - CBDO, *IOPn*

The 15th edition of Agora's GBC brought back what matters in Web3 - depth, relevance, and real exchange.

GBC stands out because it filters out the noise. Sharp curation, serious investors, and founders who are still building while everyone else is tweeting about the next cycle. That's what this space needs more of.

Laura K. Inamedinova - Principal, *Gate Ventures*

The 2nd SEA edition of the GBC in Singapore was awesome! Curated, small number, cozy environment for unique networking, well-designed 1-1 speed meeting with founders.

It was a great experience at one of the nicest venues in Singapore, with a curated crowd. Well done—we made valuable connections and found several potential investment opportunities.

Steve Lee - Co-Founder & Managing Partner, *Neoclassic Capital*

I am very pleased about the performance and success of the Agora Global Blockchain Congress event! You feel all the efforts and dedication that the team put into turning this conference into a hit! From the registration counter, to the main stage where they picked the best panelists and to the section where start-ups pitch to investors all was very well done! It is truly a quality conference.

Feras Al Sadek - Managing Partner, *Ghaf Capital Partners*

Pitches are good and all, but have you ever sat on a table for 8 hours with 30 minutes one-on-one meetings with 50 rotating investors? Agora is next level. I went to this conference last year, and it was like speed dating with investors. THIS IS EXACTLY HOW IT SHOULD BE. If you're in #Dubai or can get there, and are looking to raise funds for your project, this is your jam.

Nikita Sachdev - Co-Founder, *Luna Media Corporation*

Attending and speaking at the Global Blockchain Congress this year was an exceptionally valuable experience. The organizers did a phenomenal job of curating an event that truly lives up to its reputation for connecting high-quality projects with pre-qualified investors and industry leaders.

Vineet Budki - Managing Partner & CEO, *Sigma Capital*

I always admire the events organized by the Agora Group and the Global Blockchain Congress was one such initiative. Being a partner at NewTribe Capital, we always struggle finding new investment opportunities in the top growing startups that could deliver us long term benefits but the 1 on 1 format implemented by this event was unique and very efficient indeed. I'd recommend this as a must attend event.

Juliet Su - Partner, *NewTribe Capital*

The GBC event was probably one of the best investor conferences I have been to. A great venue, great attendee list, and excellent management. We met about 10 high quality investor leads on a 1-to-1 basis, who were looking to deploy money, and had lots of other networking opportunities throughout the event and into the evening.

The management team was fantastic, and arranged a number of ad-hoc meetings for us. Every need was attended to, and staff were fun, friendly and focused on helping us to raise funds. Overall an excellent event, and couldn't recommend it enough. 5 stars!

James Dunthorne – Founder & CEO, *Neuron*

I want to extend my sincere gratitude to the entire team at Global Blockchain Congress for an exceptionally well-executed event. As first-time participants, we were immediately impressed by the caliber of organization and the thoughtful, personalized attention throughout the conference. The level of curation—both in selecting the companies presenting and in assembling the investor community—created an environment of substance over spectacle, which is increasingly rare in our industry. Your commitment to quality over quantity was evident in every interaction.

Bob Barbieri - Chief Executive Officer, *NexQloud*

Another great Congress by Agora! It was lovely to spend 1:1 time with curated, relevant startups and catch up with fellow investors.

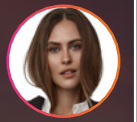

Despite the slowdown, the quality of both investors and founders remained top-notch, with some of the best names in the industry participating. The panels and talks were the cherry on top, providing an excellent platform to exchange views and expand knowledge.
As always, I can't wait for the next one!

Amit Mehra - Partner, *Borderless Capital*

I wanted to extend my heartfelt gratitude to the entire Agora team for orchestrating such a first-class event. The caliber of both the founders and investors in attendance was truly exceptional, making the experience invaluable. A special thank you specifically for the team's meticulous coordination of all the meetings. Their efforts ensured that everything ran seamlessly.

David Robnett - Managing Director & Co-Founder, *Asset Token Ventures*

As the Head of Business Development at Cointelegraph Accelerator, my role involves attending numerous significant conferences annually. This extensive travel schedule often leads to experiences with overcrowded events, which can be quite exhausting. However, I was pleasantly surprised by the high caliber of attendees at the recent GBC conference. The event's selective audience truly set it apart. Notably, two of our portfolio companies from the Cointelegraph Accelerator have garnered substantial preliminary commitments following their participation in this conference. We are now eagerly anticipating the conversion of these commitments into actual investments.

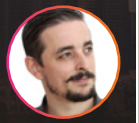

Anna Shakola – Business Development Manager, *Cointelegraph Accelerator*

The experience at this event was amazing! Everything was more than well arranged. We were promised at least 10 meetings with investors but it was closer to 20!

The difference between other events and Agora is that everyone knows why they are there. 1 side comes to raise funds, the other side is searching for a project to put their funds in. I can advise EVERYONE to go to the next one. Met incredibly interesting people. In one word "amazing".

Randy van Brienen - CEO, *Bitsliced*

When we participated in the 1st edition of the Global Bockchain Congress, we were able to secure funding and partnerships that allowed us to get to where we are today.

To all the Blockchain projects, whether in the early or advanced stages, we assure you that the Global Blockchain Congress experience is unlike any other summit. This Congress is an exclusive, closed-door opportunity to connect with the greatest investors from the MENA region.

Daniel Santos - CEO, *Woonkly*

GBC is the one event that consistently brings high quality projects and an equally consistent tier of investors together. The energy is much different than other events without: every individual present is a valuable connection.

Hayden Hughes - Managing Partner, *Tokenize Capital*
