Testimonials

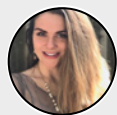

As an early stage startup, Agora's model of connecting great projects directly with a fantastic set of investors in a tightly held event and over one-on-one meetings is very unique and extremely rewarding. The feedback, interests and partnership that are possible because of this format of engagement, makes it unique and trust-worthy. Not only is Agora able to bring together the comprehensive set of investors and ventures together, but they are hands on when it comes to making sure and mutually productive event for investors and startups alike.

Harishkarthik Gunalan, Coin Fantasy - *Co-Founder*

I have been to many events but this was something special, sponsoring this event was more than worth it, as a startup you need events like this to help you not only to receive funding but to connect with those who have already been through similar stages and became great successes. It was a well organised and intense event, well done to Agora group and all of the teams involved in making this a truly unique experience for us so far.

Athar Ahmed - Legion Network, *CEO*

I always admire the events organized by the Agora Group and the 8th edition of the Global Blockchain Congress was one such initiative. Being a partner at NewTribe Capital, we always struggle finding new investment opportunities in the top growing startups that could deliver us long term benefits but the 1 on 1 format implemented by this event was unique and very efficient indeed. I'd recommend this as a must attend event.

Juliet Su - NewTribe Capital VC, *Partner*

Our experience with Agora was exceptional. Every promise exceeded, every opportunity to engage with the right funds exploited. But the real key was that it was all so well curated. Having done so many of these events I have never had such a high hit rate! Of the 22 funds we spoke to we had 20 with a strong fit. The dinner was a hit and the time we enjoyed in the Cleopatra Suite will create lifelong relationships.

Jay Moore, Prasaga - *Co-Founder & Chief Collaboration Officer*

When we participated in the 1st edition of the Global Blockchain Congress, we were able to secure funding and partnerships that allowed us to get to where we are today.

To all the Blockchain projects, whether in the early or advanced stages, we assure you that the Global Blockchain Congress experience is unlike any other summit. This Congress is an exclusive, closed-door opportunity to connect with the greatest investors from the MENA region.

Daniel Santos, Woonkly - *CEO*

Agora was everything and more than I expected. We had the chance to meet some incredibly well-respected individuals of the blockchain investment communities. The event was organized to the T, well-structured and we'll be coming out again soon!

Jamie Thomson, Vulcan Forged - *CEO*

The Global Blockchain Congress in Dubai is one of the most exclusive events for innovators, startups and investors, bringing people together. We didn't experience the event as just one conference among many, but it was about companies and investors to really move forward and close deals and partnerships.

Daniel Kohler, edeXa - *CEO*

Pitches are good and all, but have you ever sat on a table for 8 hours with 30 minutes one-on-one meetings with 50 rotating investors?

Agora is next level. I went to this conference last year, and it was like speed dating with investors. THIS IS EXACTLY HOW IT SHOULD BE. If you're in Dubai or can get there, and are looking to raise funds for your project, this is your jam.
