

6th Edition

HEALTHCARE DISRUPTERS CONGRESS

October 31st, 2023
Shangri-La - Dubai, UAE

A WORD FROM OUR CO-FOUNDER & MANAGING DIRECTOR

Rim El Aridi

Co-Founder & Managing Director
Agora Group

Dear attendees,

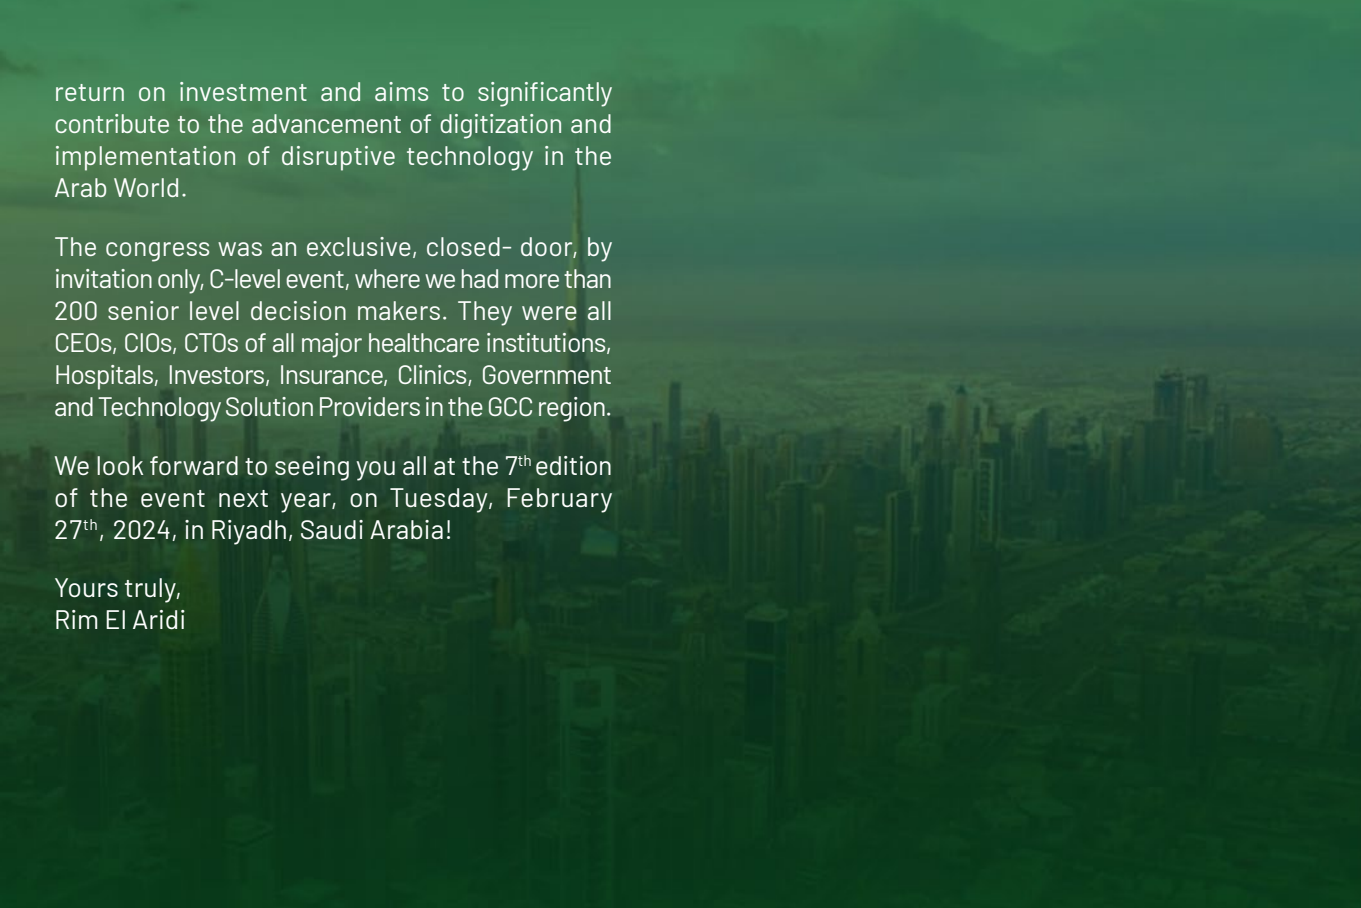

It was a pleasure to host you at the Shangri-La Hotel, on October 31st, 2023 for the 6th edition of the Healthcare Disrupters Congress. We hope you enjoyed our event as much as we enjoyed putting it together.

We would like to thank all the experts, stakeholders, media partners, speakers and government officials who attended the event. A special thanks goes out to our sponsors: GE healthcare, Dloc BioSystems, HealthAsyst, and Frigg Business Solutions who placed their trust and faith in our Healthcare

event and recognized it as a place of immense value for information, investments and partnerships. Without you this event couldn't have happened.

This 6th edition of the Healthcare Disrupters Congress focused on highlighting the challenges and opportunities that the healthcare industry is facing while debating the future of the healthcare ecosystem. We had an amazing lineup of speakers headed by Her Excellency Dr. Maryam Mohamed Fatima Matar, Founder & Chairperson, UAE Genetic Diseases Association

The MENA region (fueled by rising and aging population) is a flourishing economic landscape with ambitions to become a world leader in healthcare and other technological domains. Our Healthcare events are designed to be a stepping stone toward that goal. It sets the region's greatest healthcare minds together in a unique format designed to help all attendees reap the highest

An aerial photograph of a city skyline, likely Riyadh, Saudi Arabia, viewed from a high angle. The image is heavily overlaid with a semi-transparent green filter. The skyline features numerous tall skyscrapers and buildings, with a prominent tower visible on the left side. The background shows a vast, flat landscape extending to the horizon under a hazy sky.

return on investment and aims to significantly contribute to the advancement of digitization and implementation of disruptive technology in the Arab World.

The congress was an exclusive, closed- door, by invitation only, C-level event, where we had more than 200 senior level decision makers. They were all CEOs, CIOs, CTOs of all major healthcare institutions, Hospitals, Investors, Insurance, Clinics, Government and Technology Solution Providers in the GCC region.

We look forward to seeing you all at the 7th edition of the event next year, on Tuesday, February 27th, 2024, in Riyadh, Saudi Arabia!

Yours truly,
Rim El Aridi

Meeting Dr. Mariam Mohamed Fatima Matar MD PhD, the founder and chairman of UAE Genetic Diseases Association, today at the Healthcare Disruptors Congress was one of a kind experience. She's not just a doctor but a true leader who fills all women with pride, and I was truly engaged by her presentation and life stories.

✈️ Exciting Insights from the Healthcare Disruptors Congress 📱

I had the privilege to attend the Healthcare Disruptors Congress in Dubai, where healthcare providers in the UAE are charting a new path in innovation, particularly in harnessing the power of Artificial Intelligence (AI).

In a world that's constantly evolving, it's inspiring to witness how these professionals are embracing cutting-edge technologies to enhance patient care and experiences. The potential impact on healthcare in the UAE is immense, and I'm eager to see the transformation unfold.

A special shoutout to the expert panel on mental health and well-being, led by the remarkable **Nahide Nayaz Ahmed** and **Joseph R. El-Khoury**. Their insights and expertise shed light on the critical role mental health plays in overall well-being. They were quick to remind us that healthcare is not just about treatments and procedures; it's about holistic care that addresses the mind and body.

Steel • 2nd
and 3rd • Medicine • Executive Leadership...

Many thanks to the team at [AgoraGroup](#) for inviting me to attend the 6th Edition Healthcare Disruptors Congress in [Dubai](#) yesterday.

From a insightful keynote with Dr. Mariam Mohamed Fatima Matar MD PhD highlighting #longevity, biological aging, epigenetics, pharmacogenetics, precision & regenerative medicine to a fantastic finale focusing on the future of telemedicine with my good friend Ahmad Alawada and the ever inspiring Dr. Khulood Alsayegh

As I reflect on this, it's without a doubt that our industry has a very bright and exciting future. Longevity will extend years of years of healthy life (assuming acceleration of the adoption of wellness) and pharmacogenetics and epigenetics will enable customized therapies based on our own genetic composition, improving patient outcomes. Regenerative medicine and precision medicine are transforming patient care by repairing and revitalizing the body at the cellular level and with the right focus and investment, in time will become more widely available. Meanwhile, telemedicine continues to connect patients with hard to find specialists across geographies.

Constant nodding and smiles whilst I listen and learn with **Dr. Farah Ahmed** 🙌

Such an awe inspiring key note from Dr. Mariam Mohamed Fatima Matat MD PhD she addressed my favorite topic #epigenetics.

Great discussion on #physicianburnout and the role of #digitaltransformation led by @DrMcHaythem Abdalgany Ayman Bag and Dr. Paul Acorn they emphasized the need for #patientcentric approach

In addition a great firestart chat on the shift to digital healthcare and the importance of #quality outcomes with Dr. Khaloud Alsayegh and Ahmad Awada

Really looking forward to #ai and #machinelearning talk as well as #dataanalytics for better health and of course the discussion on #mentalhealth

My brain is absolutely buzzing with ideas

#health x tech my two loves together

PROGRAM

Tuesday, October 31st, 2023

08:00 - 08:50	Registration and Refreshments	09:35 - 09:50 15 Minutes	Presentation Connected Care - A holistic approach to Enterprise Imaging <i>Fadi Kadadihi - Healthcare Digital Commercial Director, GE Healthcare, Middle East</i>
8:50 - 09:00 10 Minutes	Opening Remarks - Welcome of the Chairman of the Event <i>- Rim El Aridi - Managing Director, Agora Group</i> <i>- Dr. Simon Grange MB ChB MSc PhD FRCS(Eng) FRCS(Tr&Orth) CCInO AlnA - Senior Consultant Trauma & Orthopedic Surgeon, Burjeel Medical City</i>	09:50 - 10:00 10 Minutes	Presentation Precision Biology: Navigating the Future of Organ-on-Chip Technology <i>Wadah Malaeb - Founder & CEO, DLOC Biosystems</i>
09:00 - 09:15 15 Minutes	Opening Keynote Address Regenerative Medicine What's genetic and epigenetic? Stem cell therapy and how it may affect on aging. <i>Dr. Mariam Mohamed Fatima Matar - Founder & Chairperson, UAE Genetic Diseases Association</i>	10:00 - 10:45 45 Minutes	Panel Discussion Drafting the A Team: Clinician burnout will continue and staffing shortages became the top concern for Hospital CEOs. How can healthcare organizations help healthcare providers achieve a digital transformation that prioritize workforce stability, productivity and wellbeing while helping clinicians to deliver impactful, high-quality care, without working longer? Moderator: <i>- Dr. Mohaymen Abdelghany - Vice President, Fakeeh Care UAE, Chief Executive Officer, FUH Dubai</i> Panelists: <i>- Arjun Bajaj - Director - Business Development & Pre-sales, HealthAsyst</i> <i>- Dr. Paul Aoun - Chief Operating Officer Endocrinology Consultant, American Hospital Dubai</i> <i>- Akbar Moideen Thumbay - Vice President, Thumbay Healthcare Division, Board Member, Thumbay Group U.A.E</i>
09:15 - 09:35 20 Minutes	Fireside Chat The Shift: Telemedicine Digitization is here to stay and will continue to revolutionize the way we live our lives and connect with one another. The use of telemedicine rose sharply under the COVID-19 pandemic, and in the coming years we are likely to see more healthcare delivery that mixes in-person with remote care, helping reshape the future by making healthcare delivery more e-client and more accessible. <i>- Dr. Khulood Mohamed Alsayegh - Head of Clinical Standards & Guidelines, Health Regulation Sector, DHA</i> <i>- Ahmad Awada - Director Virtual Health, Mediclinic Middle East</i>		

10:45 - 11:00 15 Minutes	Coffee Break & Networking Session	14:30 - 15:30 60 Minutes	Meeting 9 - 15 Minutes Meeting 10 - 15 Minutes Meeting 11 - 15 Minutes Meeting 12 - 15 Minutes
11:00 - 13:00 2 Hours	<div>Meeting 1 - 15 Minutes</div> <div>Meeting 2 - 15 Minutes</div> <div>Meeting 3 - 15 Minutes</div> <div>Meeting 4 - 15 Minutes</div> <div>Meeting 5 - 15 Minutes</div> <div>Meeting 6 - 15 Minutes</div> <div>Meeting 7 - 15 Minutes</div> <div>Meeting 8 - 15 Minutes</div>	15:30 - 16:00 30 Minutes	
13:00 - 14:00 60 Minutes	Prayer Break & Lunch		
14:00 - 14:30 30 Minutes	Panel Discussion AI & Machine Learning <p>Today, the technology most commonly used to achieve AI is machine learning. By 2023, artificial intelligence (AI) will play a significant role in healthcare. This means doctors will diagnose diseases faster and better, patients will receive personalized treatment plans, and medical research will become more efficient. It all sounds like science fiction, but it can be true!</p> <p>We look at how AI improves health today and will change medicine by 2023. So what does the future hold for such technology? Who knows, but one thing's for sure, something new and exciting is coming down the pipeline.</p> <p>Moderator: - <i>Brandon Rowberry</i> - CEO, Aster Digital Health</p> <p>Panelists: - <i>Rola Hammoud, MD, MHA, FACHE</i> - CEO, Madina Hospital - Fakeeh Care Group, President, ACHE MENA - <i>Safa Al Ameri</i> - Innovation Specialist - MBA MSc AI CCInO AlnA, Department of Health - Abu Dhabi - <i>Prof. Abdel Rahman Omer</i> - CEO, Burjeel Hospital, Abu Dhabi - <i>Dr. Sara AlShaya</i> - Director of Data and Statistics Department, Emirates Health Services</p>		Panel Discussion Data & Wearables Technologies for Better Health: <p>Data from wearables will begin to play a bigger role in patient care and raise health awareness to users. Mobile health technology can greatly empower people to be engaged participants in their care and more responsible for their own health while improving privative medicine, ultimately saving lives.</p> <p>An estimated 1.3 billion different medical devices will be connected to health delivery organizations by 2030. How secure is this data? Cybersecurity and governance struggles in healthcare are real. Let us hear from the experts what are the key challenges of wearable product development, what are the benefits and the Future for such wearable technology?</p> <p>Moderator: - <i>Dr. Mazin Gadir</i> - Digital Health Expert & Advisor, Healthcare Government Authorities</p> <p>Panelists: - <i>Jaleel Rahiman</i> - Director of IT & PRIME Digital, Prime Healthcare Group LLC - <i>Dr. MD Haroon (Driving Healthcare Vision into Reality)</i> - HIS Specialist, Ahmadi Hospital, KOC, Kuwait - <i>Rizwan Tufail</i> - Chief Data Officer, Pure Health - <i>Dr. Hamzeh J. Awad, PhD, FHEA.</i> - Senior Academician, Research Chair, Digital and Virtual Public Health Expert, A/Prof. Health Science, Health Informatics Research Chair, Higher College of Technology, UAE.</p>

16:00 - 16:30
30 Minutes

Panel Discussion

Patient Mental Health & Emotional Wellbeing:

Mental health might be one of the most pressing issues we're currently facing in the healthcare industry as a whole. Your mental health plays a huge role in your general well-being. Although the mind and body are often viewed as being separate, mental and physical health are actually closely related. Good mental health can positively affect your physical health.

Being in a good mental state can keep you healthy and help prevent serious health conditions. It impacts every area of our lives. It affects the way we think, feel, and act. It also helps determine how we cope with stress, relate to others, work productively, and make healthy choices.

TESTIMONIALS

I had the distinct honour of being a speaker at the 6th Edition Healthcare Disrupters Congress last 31st October 2023, and I can't express enough how incredibly rewarding the experience was. The event, held at Shangri-La, Dubai, UAE, was a resounding success, and it was a privilege to be a part of it.

First and foremost, I want to commend the event organizers for their impeccable planning and execution. From the moment I was invited to speak, they made the entire process seamless, offering support and guidance at every step. This made for a stress-free and enjoyable experience for all the speakers.

The audience at 6th Edition Healthcare Disrupters Congress was exceptional. Their enthusiasm and engagement during my presentation were truly inspiring. It's evident that the attendees were genuinely interested in the topic, and their thoughtful questions and interactions afterward added immense value to the event.

What struck me the most was the diversity of the audience. People from various backgrounds and experiences came together to share their perspectives, creating an atmosphere of inclusivity and mutual learning. This diversity enhanced the quality of discussions and made the event even more enriching.

I must also highlight the exceptional professionalism and courtesy of the event staff. Every detail, from logistics to technical support, was flawlessly managed, ensuring a smooth and memorable experience for all involved.

Overall, the 6th Edition Healthcare Disrupters Congress was a remarkable event, and I'm grateful to have been a part of it. I want to extend my sincere thanks to the organizers, fellow speakers, and the engaged audience for making this event a success. I look forward to the possibility of speaking at future events organized by this team.

H.E Dr. Mariam Mohamed Fatima Matar - Founder & Chairperson, *UAE Genetic Diseases Association*

Thank you AgoraGroup for a fantastic show. We had a great time at the event!

HealthAsyst

Event was awesome and had a wonderful experience and looking forward to more events like this.

Harini Pallavi - Co-Founder, *Frigg Business Solutions*

TESTIMONIALS

I had the opportunity this year to attend the remarkable Health Disrupters Conference, organized by Agora. The organizers had put in an immense amount of effort to create a stunning and well-organized space that fostered learning, collaboration, and networking. I felt a welcoming atmosphere of excitement and anticipation.

The line-up of diverse speakers who brought a unique perspective, deep knowledge, and expertise to the table was extraordinary. Their passion for their respective fields was truly contagious. The diversity of topics ranging from genetics to technology and leadership was impressive.

I found myself captivated by the topic I was speaking about which is Artificial Intelligence in healthcare. The panel discussion we had with other speakers about the growth of AI and healthcare digitalization and its regulation was so enriching and engaging.

I had the chance to network with like-minded professionals from various industries and engage in meaningful conversations. This left me inspired and motivated.

To anyone considering attending this conference in the future, I highly recommend it. It is an experience that will leave you feeling energized, motivated, and connected to a community of passionate individuals.

Rola Hammoud, MD, MHA, FACHE - CEO, *Madina Hospital* - *Fakeeh Care Group*, President, *ACHE MENA*

Agora Group has been phenomenal where it has taken efforts to bring the thought leaders, organizations, hospitals, payers, and buyers from Healthcare background under one common platform. Only a few firms do organize such streamlined events and you are one among them to benchmark. It was because of this event we could collaborate with Healthcare Industry Leaders who are working hard to uplift the practices, thus directly contributing towards the well-being of mankind. The knowledge shared by all the participants was highly inspiring and beneficial. Again, it was just wonderful to share the panel with eminent leaders like Dr. Mazin, Dr. Awad, Mr. Jaleel, Mr. Riwan, and others.

The outcome was great, wishing Agora Group many more success in conducting similar events.

To end, not forgetting the driving force behind such a successful outcome, the efforts by Mr. Hadi and Mrs. Rim are commendable. Trust us, your abilities are looked upon. Wholehearted Thanks to these 2 gentle people as well.

Dr. MD Haroon (Driving Healthcare Vision into Reality) - *HIS Specialist Ahmadi Hospital, KOC, Kuwait*

This was my first experience working with Agora. The well-organized event was an excellent opportunity to network and share insight on topics of interest to the business and wider community.

Dr. Joseph El-Khoury MD MSc FRCPsych - Consultant Psychiatrist Co-Founder & CEO, *The Valens Clinic*

TESTIMONIALS

I wanted to share my appreciation for inviting me to attend the 6th Edition Healthcare Disrupters Congress. The event was fantastic.

The conference was expertly organized, with high-quality speakers and valuable content. I found the networking opportunities invaluable for my professional growth. The top-notch speakers provided valuable insights enhanced the experience.

I'm thankful for the knowledge and connections I gained and Looking forward to future editions.

Rana Hany - Pharmacy Manager, *Maison Santer*

It was my pleasure to attend the 6th edition Healthcare Disrupters Congress.

It was a great event, packed with so much knowledge and great speakers. It allows many attendees to talk to many different vendors face to face as well as establish a network. In short offering a compact source of inspiration.

Dr. Duaa Eid - Head of Pharmacy, *Dubai Police*

Thanks for the invitation to the event and congratulations on the work done.

It was a great and informative healthcare conference on such on-point topics to understand the challenges and overcome them. It was great to meet up with peers and friends and to make new connections as well.

Sophia Bouayad - CEO, *Smarter & Greater*

As a first-time attendee, I was very impressed with the quality of both the presenters as well as the presentations. The presentations themselves were all very timely for the current healthcare industry atmosphere and the things we are all facing. As a member of a healthcare provider, it also gave me the opportunity to meet and network with individuals from various parts of the industry – vendors, executives, government, and others. I would highly recommend this event to other healthcare provider professionals.

David Miller - CIO, *Kanad Hospital*

Your dedication to continuously improving the conference is commendable, and I believe that with your expertise and commitment, future conferences will be even more successful. Once again, thank you for the invitation and for organizing such an informative conference. I look forward to attending future events.

Maysoon ElHag Khalil - DNO, *Valiant Hospital*

This conference was so essential to open a clear understanding of what humanity is facing in the coming decade.

Agora Group perfectly curated an environment where selected experts explained what to prepare for. It was a very sophisticated and extremely well-organized event.

Sam Katiela - CEO & Founder, *Mamemo Group*
