

7th Edition

Healthcare Disrupters Congress

Vision 2030 Healthcare Blueprint Unleashed

February 27th, 2024 | Riyadh, Saudi Arabia

Our team was very happy with the event. They felt that your team was very organized and committed to the meetings. Our team said you brought interested parties to our table which is very appreciated. We will definitely consider participating at future events so please keep us posted.

**Christiana Lin - Senior Marketing Programs Manager,
Vocera Communications**

The 7th Edition Healthcare Disrupters Congress

Is the first in the MENA region to explore the opportunities and challenges of disruptive technologies in healthcare and real life impact on patients' outcome and experience.

Agora is hosting its 7th Edition of the Healthcare Disrupters Congress on Tuesday, February 27th, 2024 | Riyadh, Saudi Arabia

Top Reasons for Sponsors to Attend:

Business Opportunity: The opportunity to schedule one-on-one meetings with Corporate Buyers of YOUR choice (showcase your solutions to end buyers) using our unique format of exclusive, closed-door and targeted audience. They are CEOs, CIOs, CMOs, decision makers of hospitals, clinics and ministries.

Maximize Your ROI: By shortening your sales cycle and making it less costly (we pre-qualify the buyers for you and invite them to attend the event to meet with you).

Exposure: Conduct a 10-minute presentation to more than 80 hand-picked, pre-qualified groups of top corporate buyers from the MENA region, they are all C-level decision makers within the spheres of the healthcare industry.

Networking Opportunities: Connect with potential customers, partners, colleagues, peers and thought leaders in the healthcare industry. Networking can lead to collaborations, partnerships, and valuable business connections.

Brand Visibility: Showcase your products, services, and innovations to a wide range of industry professionals, potentially leading to increased brand recognition and exposure.

Lead Generation: The congress offers a platform for you to generate high-quality leads. Attendees are often actively seeking innovative solutions, making it an ideal environment for showcasing products and services and capturing leads for further follow-up.

Industry Education: Attend informative sessions, keynote speeches, and workshops to stay updated on the latest advancements, trends, and regulatory changes in the healthcare industry.

"Vision 2030" A Thriving Economy

Saudi Arabia has made significant progress in its healthcare system through increased healthcare spending, improved healthcare infrastructure, and better quality of care. The Kingdom of Saudi Arabia is the largest country in the Arabian Peninsula, with the highest money spent on Healthcare in the Gulf Cooperation Council (GCC). Saudi Arabia's connected healthcare market is projected to grow from \$1.13 Bn in 2022 to \$9.15 Bn by 2030, registering a CAGR of 29.9% during the forecast period of 2022-30.

This is your opportunity to tap into our pool of corporate buyers and Investors in the MENA region!

From aging population, an increase in chronic diseases, and a shortage of healthcare professionals, Middle East consumers are ready to embrace digital transformation AI, robotics and the most advanced healthcare Technologies for their healthcare needs

Saudi Arabia sees unprecedented M&A opportunities in 2023

Saudi Arabia has become one of the most attractive markets for international companies seeking new mergers and acquisitions, and maintained its position in 2022

Staff Writer, TradeArabia

April 9, 2023

A total of 632 M&A (mergers and acquisitions) deals had been recorded in the Middle East in 2022 out of which 89% or 563 deals were collectively recorded in Saudi Arabia, UAE and Egypt, said PwC Middle East.

As part of its Vision 2030, Saudi Arabia plans to invest over US\$ 65 billion to develop its healthcare infrastructure

What Makes the Healthcare Disrupters Congress Different?

**THIS IS NOT A CONFERENCE
NOR AN EXHIBITION.**

THIS IS A SALES PLATFORM.

The entire event is focused on pre-arranged meetings between Providers of Healthcare Technology Solutions and Qualified Buyers of your choice.

This format guarantees the best return on investment of your time and money.

Qualified decision makers, CEOs, COOs, CIOs and CTOs coming from the government and private healthcare institutions will meet with you to learn about the latest Healthcare Technology Solutions you are recommending to help them explore the opportunities and challenges of disruptive technologies in healthcare and its real-life impact on patients' outcome and experience.

80+ Corporate Buyers with a combined budget of over 500 Million Dollars

ONLY 10 Solution Providers will be introduced to the buyers

How Does it Work?

- We bring the buyers for you.
- We qualify them for you. *
- We send you, 10 days prior to the congress, a complete list of delegate attendees, including their company names, job titles, solutions of interest, readiness to buy, budget and number of nodes in organization.
- You choose the corporate buyers you want to have one-on-one meetings with during the congress.
- We arrange one-on-one meetings for you with the buyers of your choice.

These corporate buyers have all been qualified based on the following:

- They are the ultimate decision makers in the organization when it comes to buying decisions.
- They are actively looking for partners like you & very keen on buying healthcare technology solutions.
- They have a minimum spending budget of \$2 Million.

- › How Can AI and Generative AI Optimize the Use of Assets in Hospitals While Lowering and Improving the Outcome of Patient Care and While Increasing Productivity and Creativity
- › Investment Opportunities in the Healthcare Industry in the GCC and the Kingdom of Saudi Arabia

Program

Tuesday, February 27th, 2024

09:00 - 09:50	Registration and Refreshments
09:50 - 10:00 10 Minutes	Opening Remarks - Welcome of the Chairman of the Event
10:00 - 10:10 10 Minutes	Opening Keynote Address Smart Kingdom 8 years after the launch of Saudi Arabia's ambitious vision 2030 what are the achievements done so far in the healthcare sector, what's happening today to propel it forward and what are the future milestones?
10:10 - 10:30 20 Minutes	Keynote Dialogue Delivering Excellent Patient Outcome through Digitization Covid came and proved to the entire world that the future is digital, it is virtual, it is personalized, it is tech enabled, it is AI Powered and that digitization is here to stay and will continue to change the way we live our lives. This is an exclusive dialogue between two pioneers from the healthcare industry in Saudi Arabia talking about how the kingdom is leading digital transformation and improving quality care, Patient experience, sustainable health development while increasing healthcare access and equity in order to provide optimal healthcare services to all the Saudi citizens.

10:30 - 10:40 10 Minutes	Presentation Flow Medical Solutions
10:40 - 10:50 10 Minutes	Presentation
10:50 - 11:00 10 Minutes	Presentation
11:00 - 11:15 15 Minutes	Coffee Break & Networking Session
11:15 - 11:40 25 Minutes	Case Study Successfully Executing Digital Health Transformation Plans This case study delves into the journey of an organization's successful execution of digital health transformation plans. It offers a detailed examination of the strategies, challenges, and outcomes of their digital health initiatives. Attendees will gain valuable insights into best practices, lessons learned, and the critical factors that contribute to the successful adoption of digital technologies in healthcare, ultimately improving patient care and operational efficiency.

11:40 - 13:10 1 Hour & 30 Minutes	Meeting 1 - 15 Minutes Meeting 2 - 15 Minutes Meeting 3 - 15 Minutes	Meeting 4 - 15 Minutes Meeting 5 - 15 Minutes Meeting 6 - 15 Minutes	15:15 - 16:45 1 Hour & 30 Minutes	Meeting 7 - 15 Minutes Meeting 8 - 15 Minutes Meeting 9 - 15 Minutes	Meeting 10 - 15 Minutes Meeting 11 - 15 Minutes Meeting 12 - 15 Minutes
13:10 - 14:00 50 Minutes	Prayer & Lunch Break		16:45- 17:30 45 Minutes	Panel Discussion	
14:00 - 14:30 30 Minutes	Panel Discussion Capitalizing on Digitization to Advance Value-Based Healthcare This panel discusses how digitization in healthcare drives value-based care, raises awareness on managing health-tech and explores strategies and technologies that enhance patient outcomes and resource allocation, making healthcare more patient-centric and sustainable.			Investment Opportunities in the Healthcare Industry in the GCC and the Kingdom of Saudi Arabia The Saudi healthcare market is going from strength to strength across all its industries. It is also poised to become a regional hub for medical consumables by 2025. The kingdom plans to invest SR250 billion on healthcare infrastructure by 2030 and aims to increase private sector contributions from the current 40% to 65% by 2030. Such evolving system requires investors in the healthcare sector to make challenging decisions.	
14:30 - 15:15 45 Minutes	Panel Discussion How Can AI and Generative AI Optimize the Use of Assets In Hospitals While Lowering and Improving the Outcome of Patient Care and While Increasing Productivity and Creativity. This panel focuses on harnessing the power of artificial intelligence to simultaneously reduce health-care costs, enhance quality, and optimize hospital assets. Attendees will discover how AI-driven solutions are revolutionizing healthcare operations, from streamlining resource allocation to improving patient care. Explore real-world examples and strategies for achieving cost-effective, high-quality healthcare delivery through AI innovation.		17:30	Chairman Closing Remark & End of Event

Testimonials

It was one of the great events I have attended this year: lots of interaction took place whether at the one to one level or group level. Couple of panel discussions were very interesting and lot of valuable information were shared and discussed.

The private meetings with company reps were also of a great importance.

Overall, it was a successful event and I am very thrilled to have taken part of it.

Halim Ghafari - Group CNO, Health and Medical Services (HMS)

It was a pleasure attending the "Healthcare Disrupters Congress" on 18th October 2022.

The meeting was well organized with good seating arrangements. The topics were very good for the meeting and so were the speakers. The panel discussion was engaging and brain storming sessions.

Lastly but not the least, the venue was great and accessible for all the participants.

Dr. Naser Ammash - Professor of Medicine - CEO, Sheikh Shakhbout Medical City - SSMC

The event was well prepared and well organized.

The discussions were very fruitful and to the points with an expert team understanding the requirement of our healthcare facility for future assistance.

I really enjoyed the time I had spent in the event & I look forward to attending future editions.

Adel Alsisi - CMO, Prime Healthcare Group

I would like to thank you for your invitation and your kindness in welcoming us to a very organized and well-prepared process, and I would like to stress that this conference is one of the best I have attended for a long time, the conference has been very important as it benefited me and my company. I have met personalities I have longed to meet and have made very beneficial partnerships for me privately and for the company in general.

Marwan Abdulfattah Allan - Director of Nursing, Sajaya Medical Care Services

The event was well organized, the speakers and guests were prominently identified from the healthcare industry of Dubai. The topic were wisely chosen related to improve the quality of care provided and to understand upcoming technology.

Abir Hakmi - CEO, Armada Hospital

The HDC was indeed a great event, I enjoyed the sessions, interaction and one-on-one meetings.

I look forward to events organized by the professional team of Agora in the future and for sure the 6th edition of the HDC.

Ravindra Kumar - Manager Medical Affairs, NMC Healthcare

For the last two years, during the pandemic, we missed a lot of opportunities to learn in conventional way. However, after attending this conference, we discovered not everything was negative. There are many disruptive innovations that can take the healthcare system to a new different level. This is in addition to the wonderful organization and expanding my professional network.

Dr. Zakariya Al Salam - CMO, *Aldara Hospital & Medical Center, Riyadh-Saudi Arabia*

Agora's event exceeded my expectations. Very professionally curated agenda and most importantly the attending audience made a difference. In a market full of events and conferences the methodology of executing these businesses should be different, they understood it well. Kudos to the team! Wishing them all the best.

Nameer Khan - *MENA Fintech Association*

I would like to thank Agora for a fantastic event. Not only did it have some great guests and networking session, but it was seamlessly organized and had really some interesting topics and discussion forums. Thank you again and looking forward to the event next year.

Roshan Shah - *Executive Director, Corporate Advisory Services*

I enjoyed the caliber that was present in the first chapter of the conference. I also liked the intimate feeling where both the audience and speakers were able to connect and exchange very useful insights. It would be a pleasure to attend future events.

Ahmed El Banna - *Healthcare Systems & Innovation Management Consultant*

Another well organised Healthcare Disrupters Congress with a lot of meaningful conversations with Healthcare Leaders across Government and Private players. The content was once again very relevant and a day well spent. Congratulations to Agora team.

Veneeth Purushotaman **CHCIO** - *Group CIO, Aster DM Healthcare*

Our team was very happy with the event. They felt that your team was very organized and committed to the meetings. Our team said you brought interested parties to our table which is very appreciated. We will definitely consider participating at future events so please keep us posted.

Christiana Lin - *Senior Marketing Programs Manager, Vocera Communications*

We are very happy with the structure of the event. The one-on-one meeting format is very effective and the quality of the buyers attending is very impressive.

Ramy Helal - *Regional Manager, GE Healthcare MENA*

Thank you Agora Group for the great services and support during the DUBAI event. We appreciated the organization of the 1:1 meetings and the high quality of delegates.

Christian Roemlein - *Intelligent Fluids*

I just wanted to drop you a note to thank you for the conference you have organized. It was indeed an insightful and productive one, and I strongly believe that our region can benefit from such focused gatherings instead of random large events. Wishing you all the best.

Saeb Nahas - *Phoenician Funds*

Thank you Agora Group for the invitation. I really liked that the event was held in person and I got the chance to meet with great companies that we are still in touch with. Appreciate your efforts in hosting this event!

Al Anoud Salman - *Director of Quality Development Office, Dubai Health Authority*

The 2nd Annual Healthcare Disrupters Congress has very interesting discussions & quality panelists. Overall it was a great event and the entire Agora team should be proud of what they have achieved.

Saqr Ereiqat - *Board member, Global Innovation Insitute (GINI)*

Thank you for inviting me to the Congress. I found it very informative and it was also a great opportunity to reconnect with the outside world.

Liam Duffy - *Chief Executive Officer, Sheikh Khalifa General Hospital*

Thank you Agora Group for inviting me to the event. Of special mention is the greet and meet sessions during the conference between potential collaborators/partners/investors. That is the unique selling point of the AGORA Group Events.

V. Francis John - *CEO, INTELLIGENT BEINGS*

Thank you for an excellent conference – my highlights were the venture capitalist section and the speech by the Minister which was inspirational.

Philip Tyler - *Hospital Director, Mediclinic Middle East*

It was my pleasure to attend the event but for a short while though. I found it very well organized and structured. Would be glad to participate in next congress soon!

Vikas Katoch - *Chief Operating Officer, Right Health*

It was such informative and successful congress. Well organized, good scale, solid content in presentations with new and old experts.

Jamil Juma - *Marm Assistance*
