ICLEI – Local Governments for Sustainability is a global network of more than 1,750 local and regional governments committed to sustainable urban development. Active in 100+ countries, ICLEI influences sustainability policy and drives local action for low emission, nature-based, equitable, resilient and circular development. ICLEI’s Members and team of experts work together through peer exchange, partnerships and capacity building to create systemic change for urban sustainability. Learn more: iclei.org

**2050 ZERO CARBON CITIES IN JAPAN**

28 LOCAL AND REGIONAL GOVERNMENTS

including Kyoto, Tokyo and Yokohama have announced a commitment to net zero carbon emissions by 2050.

**ECONOMIC POWERHOUSES**

$2 TRILLION IN GROSS DOMESTIC PRODUCT

With these commitments, 40% of Japan’s gross domestic product will be carbon neutral by 2050.

**WHAT’S NEXT**

Local and regional governments are seeking enabling conditions from all levels of government and encouraging citizen participation and partnerships with the private sector to bring these commitments into being.

45 MILLION PEOPLE

The total population of these local and regional governments represent 35% of Japan's population.
