#### Other Information

- The service is provided by Lycamobile LLC on the basis of License No. 177350 dated August 31, 2017 for the provision of mobile radiotelephone communication services issued by the Federal Service for Supervision of Communications, Information Technology and Mass Media.
- All prices are in rubles, including VAT (20%).
- You will be charged for using the services in accordance with the rates set out in the relevant pricing guide. All calls are charged by the minute. The longest single call you can make is 3 hours.
- The contract for the provision of communication services is considered terminated at the initiative of the Subscriber in case of non-use of services for more than 90 calendar days
- APN – data.lycamobile.ru
- For full pricing information about out of bundle charges, charges for additional services and roaming charges which aren't included in your monthly plan charge please see extras at: <https://www.lycamobile.ru>.
- You'll need to ensure your Plan renews automatically at the end of each 30 day period in order to continue benefitting from the 250 Rub offer.
- If your Plan does not automatically renew (for example, due to insufficient funds being available in your account), you'll no longer be able to benefit from the Offer. If the Plan does not automatically renew, as detailed in above, but you would like to continue benefitting chosen bundle, you'll need to choose a plan again and pay the updated price(if the price changed)

#### Using our services.

- You have an obligation to use our services for private, personal, and legitimate consumer purposes only. Your use of our services should not exceed that reasonably expected of a reasonable person using them for these purposes. Failure to adhere to the policy may mean a loss of, or restriction to your service.
- All our services which are offered must only be used for your personal and non-commercial use.
- We offer bundles with data – each built around how you use mobile data. There are no limitations on the amount of data you can hotspotting, but there is a limit on the speed at which you can use your data.
- While hotspotting data - the traffic of the third-party device consumes the main traffic package.
