2.1.1.1.2. Details of the database provided can be found in the specification of service.

2.1.1.1.3. TecAlliance is entitled to safeguard the database and its contents with protective technical measures in order to protect them against unauthorised copying. The customer is not entitled to remove or circumvent these protective measures.

2.1.1.2.2. TecAlliance shall grant the customer the non-exclusive, non-transferable and non-sublicensable right, limited in time to the duration of the contract, to duplicate and distribute the database and the database contents and to make them publicly accessible exclusively for the projects named in the project description, in accordance with the provisions of these terms and conditions.

2.1.1.2.3. The customer is entitled to use service providers within the framework of the projects specified in the project description and to transfer the database and database contents to them within this framework. This shall not affect the customer's responsibility for compliance with these contractual conditions.

2.1.1.2.4. Any use going beyond the contractual agreement, as well as the transfer of the database and the database contents to third parties, shall be prohibited.

2.1.1.3. Customer obligations

2.1.1.3.1. The customer is obligated to install an effective security mechanism to protect against changes, unauthorised duplication, distribution or manipulation of TecDoc data (e.g. firewall) in accordance with the current state of the art. In particular, the customer must ensure that any modification or systematic reading of the database, in particular the downloading thereof, is technically impossible.

2.1.1.3.2. TecAlliance is entitled, but not obligated, to examine the customer's project with respect to its use pursuant to the contract. To this end, the customer is obligated to grant TecAlliance an appropriate test access to the project free of charge.

2.1.1.4.1. Implementation period

2.1.1.4.1.2. The implementation period shall be used for the integration of the web service into the customer's system. A production use of the web service and the provision of public access to the database shall be prohibited during the implementation period.

2.1.1.4.1.3. A one-off set-up fee shall be due for the implementation period. Licence fees shall not be incurred during the implementation period.

2.1.1.4.1.4. The implementation period shall not be credited against the minimum term of the contract.

The customer may terminate the contract with immediate effect during the first 30 calendar days of the implementation period.

2.1.1.4.3. Caching

2.1.1.4.3.1. All access to the database and database content must be via the Web Service.

2.1.1.4.3.2. The temporarily storage of Web Service data (caching) is permitted provided that it is exclusively for user inquiries and lasts only until the next update of the respective data in the Web Service, however no more than 30 days.

2.1.1.4.3.4. Data for invoice and delivery documents may be stored indefinitely.

2.1.1.5. Violation of the contractual conditions/contractual penalty

2.1.1.5.1. If the customer violates the terms of the contract, all rights of use granted under this contract shall immediately become invalid and shall automatically revert to TecAlliance. In this case, the customer shall immediately and completely stop using the database, delete all copies existing on its systems and delete any backup copies made or return them to TecAlliance.

2.1.1.5.2. Each individual culpable violation of the contractual conditions by the customer shall result in the payment of an appropriate contractual penalty to TecAlliance. The amount of the contractual penalty shall be determined by TecAlliance at its reasonable discretion but shall not be less than €10,000 in cases of infringement of intellectual property. In the event of a dispute, the amount of the contractual penalty may be reviewed by the competent court. Further rights of TecAlliance remain unaffected. In the event of a claim for compensation, the contractual penalty shall be set off against the compensation.

2.1.1.6. Consequences of the termination of the contract

In the event of termination of the contract – for whatever reason – the customer shall immediately and completely desist from using the database, delete all copies existing on its systems, and delete any backup copies made or return them to TecAlliance. This obligation shall

not apply if and as long as the storage of the data is required on the basis of a statutory storage obligation.

2.1.2. Special provisions for TecDoc Catalogue Data

2.1.2.1. Content of the service

2.1.2.1.1. The fact that the article data contained in the "TecDoc Catalogue Data" database originates from data suppliers and is not checked by TecAlliance for correctness, completeness or currency represents an important basis of the contract.

2.1.2.2. Scope of use

2.1.2.2.1. The customer's right of use includes the use of the article data of the agreed brands in the agreed languages. The customer is advised that certain data is subject to country-specific restrictions. The use of the data outside the permitted countries is the sole responsibility of the customer.

2.1.2.2.2. The database may only be used in connection with new parts, refurbished parts or replacement parts. Reconditioned parts and replacement parts are reconditioned used parts that are branded by a trademark or by the re-manufacturer and that do not differ substantially in terms of quality, function and durability from new parts.

2.1.2.2.3. Use of the data for the used parts trade shall not be permitted. Used parts are parts that are reused without further reworking and still bear the trademark of the vehicle manufacturer or the original parts manufacturer.

2.1.2.2.4. The use of the data for original spare parts of car manufacturers is prohibited. Original spare parts are those parts that bear the trademark of the vehicle manufacturer.

2.1.2.2.5. The customer may only display article data of articles that it actually sells. It is sufficient for the customer to always have the displayed articles in its product range. In this case, the temporary unavailability of an article is not relevant.

2.1.2.2.6. The customer is obliged to indicate at least the following article data with each article: brand name of the manufacturer, article number of the manufacturer, any product restrictions. This information must be made accessible in a simple way in direct connection with the article information.

2.1.2.2.7. Additional information and images relating to an article (e.g. links to OEM numbers, technical information, installation information, dimensions) may only be used in conjunction with the respective article.

2.1.2.2.8. Where manufacturers have provided cross-references to vehicle manufacturer numbers or competitor products, these may only be used in the provided allocation. The customer is not entitled to add cross-references that are not already available in the database.

2.1.2.2.9. Use of the TecDoc Catalogue Data database and the database contents for advertisements (e.g. banner advertising, retargeting, newsletters) for the project named in the project description is permitted. This does not include the right to publish the database and/or database contents with third-party providers (e.g. sales platforms, price comparison portals, product test platforms).

2.1.2.3. Obligations to provide information

2.1.2.3.1. "TecDoc Inside" signet

After conclusion of the contract, the customer is obligated to apply the "TecDoc inside" signet provided by TecAlliance, in colour or black and white, to the homepage of the online shop and/or to the packaging and/or to the programme of the offline catalogue and/or to any other medium in which the database is published. Editing the logo is not permitted. Only the size of the logo may be altered, maintaining the aspect ratio, where the width may not be less than 100 pixels or 3 cm.

2.1.2.3.2. Copyright notice

The customer is obligated to include the text of the notice published at <https://www.tecalliance.net/de/copyright-note/> on the homepage of the online shop and/or on the packaging and/or in the programme of the offline catalogue and/or in any other medium in which the TecDoc Catalogue Data database or database contents are published. The notice must be shown in the chosen project language. The notice must not be edited. The font size must be at least 10 pt. The text colour must significantly stand out from the background.

As an alternative, this obligation can be satisfied by linking the "TecDoc Inside" signet to the page <https://www.tecalliance.net/de/copyright-note/>.

2.1.2.3.3. Supplementary information

The customer is obligated to inform all users, by means of a notice, that they may have to obtain supplementary information to ensure that the part identified in the database in fact corresponds to the part searched for and is suitable for the vehicle in question. TecAlliance does not specify the wording of the notice.

2.1.2.4. Further obligations of the customer

2.1.2.4.1. The Customer must ensure that the published data is immediately updated and correctly and completely presented. The customer must indicate the version and the validity of the respective data.

2.1.3. Special provisions for TecDoc Reference Data

2.1.3.1. Scope of use

2.1.3.1.1. The contractually agreed right of use includes the use of the reference data for the selected regions in the selected languages. The customer is advised that certain data is subject to country-specific restrictions. Use of the data outside the permitted countries shall be the sole responsibility of the customer.

2.1.3.1.2. The database may only be used in connection with new parts, refurbished parts or replacement parts. Reconditioned parts and replacement parts are reconditioned used parts that are branded by a trademark or by the re-manufacturer and that do not differ substantially in terms of quality, function and durability from new parts.

2.1.3.1.3. Use of the data for the used parts trade shall not be permitted. Used parts are parts that are reused without further reworking by the manufacturer and still bear the trademark of the car manufacturer or the original parts manufacturer.

2.1.3.2. Obligations to provide information

2.1.3.2.1. "TecDoc Inside" signet

After conclusion of the contract, the customer is obligated to apply the "TecDoc inside" signet provided by TecAlliance, in colour or black and white, to the homepage of the online shop and/or to the packaging

and/or to the programme of the offline catalogue and/or to any other medium in which the database is published. Editing the logo is not permitted. Only the size of the logo may be altered, maintaining the aspect ratio, where the width may not be less than 100 pixels or 3 cm.

2.1.3.2.2. **Copyright notice**

The customer is obligated to publish the copyright notice under <https://www.tecalliance.net/de/copyright-note/> on the homepage of the online shop and/or on the packaging and/or in the programme of the offline catalogue and/or in any other medium in which the TecDoc data is published. The notice must be shown in the chosen project language. The notice must not be edited. The font size must be at least 10 pt. The text colour must significantly stand out from the background. As an alternative, this obligation can be satisfied by linking the "TecDoc Inside" signet to the page <https://www.tecalliance.net/de/copyright-note/>.

2.1.4. **Special Provisions for Vehicles in Operation, Global Vehicle Table, OE Data**

2.1.4.1. **Content of the service**

2.1.4.1.1. Some of the data provided originates from third-party sources; TecAlliance cannot accept any liability for the accuracy of this data. The customer acknowledges that the data provided by TecAlliance may also contain estimates and justified assumptions. The customer shall therefore always indemnify TecAlliance against all claims of third parties who could suffer damage as a result of the use of the data supplied by TecAlliance.

2.1.4.2. **Scope of use**

2.1.4.2.1. The customer is obligated to always transfer the database correctly and completely, unless these terms and conditions or other agreements in text form specify a different arrangement.

2.1.4.2.2. The customer is entitled to use the data internally for the improvement and enrichment of its own database.

2.1.4.2.3. The customer is entitled to market this enriched database to its customers in the automotive aftermarket. The sale of the raw data provided in accordance with this agreement shall not be permitted.

2.1.4.3. **Consequences of the termination of the contract**

2.1.4.3.1. In the event of the termination of this contract, the customer shall cease to market the enriched database to its customers.

2.1.4.3.2. The termination of this agreement shall not affect the continued use by the customer's customers of any products that are sold by the customer prior to termination.

2.1.5. **Special provisions for repair and maintenance information**

2.1.5.1. **Content of the service**

2.1.5.1.1. As much as possible, the provided data originates from vehicle manufacturers and importers. The information for individual countries may have different degrees of coverage for the vehicle manufacturer brands. TecAlliance's own data collections are clearly marked in the database.

2.1.5.1.2. The supplied data will be provided in the agreed languages.

2.1.5.1.3. TecAlliance reserves the right to change the structure of the interfaces after prior notice.

2.1.5.1.4. The data, information and systems have different coverage ratios. They will gradually be generated, expanded and maintained through updates in consideration of the respective market significance. The number of brands, models, types and documents will vary, as will the amount of information. The coverage ratio will be based on market needs and prioritised according to European registration figures. An exact quantity of available vehicle information is therefore not contractually agreed.

2.1.5.2. **Scope of use**

2.1.5.2.1. The customer's right of use shall include the modules, countries and languages that have been agreed on in the offer.

2.1.5.2.2. The identification of vehicles and activities is performed using the TecDoc Standard. The customer confirms that it is entitled to use the TecDoc Reference Data provided by TecAlliance.

2.1.5.2.3. The customer's software products must be designed such that only the most current data of the web service is displayed.

2.1.5.2.4. The customer is obligated to create individual identifiers for those end users to whom it provides access to the provided data and to pass these on to TecAlliance together with the use of the data. If identifiers are missing in the data, these are considered, evaluated and calculated as separate users.

2.1.5.3. **Customer obligations**

2.1.5.3.1. If the customer commissions third parties to integrate the data into its systems, it is obligated to conclude an agreement with them which ensures compliance with these terms and conditions.

2.1.5.4. **Support**

2.1.5.4.1. Technical enquiries regarding repair and maintenance information will be answered by the TecAlliance Support at the following times: Monday to Friday, 8 a.m. to 5 p.m. CET, excluding public holidays in Baden-Württemberg.

2.1.5.5. **Liability**

2.1.5.5.1. When generating data, transferring expertise, and carrying out IT technical processes, incorrect information or results cannot always be ruled out in spite of careful work and planning. Data is therefore generated and delivered based on the best possible knowledge and on the condition that the source data, such as manufacturer information, is accurate. TecAlliance is therefore exempt from any liability on the basis of incorrect information or results skewed by inaccurate data and information provided by third parties to TecAlliance.

2.1.5.5.2. Liability for intent and gross negligence remains unaffected in this respect. Liability shall be limited to EUR 1,500.00 per individual case, as far as it is legally possible.

2.1.5.5.3. The customer is required to include a corresponding analogous disclaimer in its product in which the data and information of TecAlliance are used. The end user must acknowledge the disclaimer, e.g. by means of acceptance of appropriate clauses in the product or in general licence conditions and terms of use in the respective contracts.

2.1.5.5.4. In the event of a claim for compensation by the Customer, the following provisions must be observed. Should these provisions not be followed, TecAlliance GmbH will not pay any compensation until full proof has been provided of cause of damage by possible inaccurate

information. The costs of bringing this proof are to be borne by the claimant.

2.1.5.5.4.1. Report in the event of damage

2.1.5.5.4.1.1. All cases of damage that are based on inaccurate information and could therefore lead to claims against TecAlliance GmbH must be reported to TecAlliance before the repair.

2.1.5.5.4.1.2. This must be reported immediately, and generally within 24 hours of the damage occurrence, to support.wkh@tecalliance.net.

2.1.5.5.4.1.3. The damage report must contain the following information: description of damage including the cause of damage with significant photographic proof of the damage; proof that the information causing the damage came from TecAlliance (excerpt of RMI, as well as principally correct information); a copy of the original repair order with a customer signature or the invoice of the job through which the possible damage was caused; copy of the purchase invoice of the part causing damage; cost estimate for claim settlement; vehicle information: brand, model, type, engine power, VIN, registration date, engine number

2.1.5.5.4.2. Further course of action

2.1.5.5.4.2.1. On the next working day after receipt of the complete damage report by TecAlliance, the Customer shall be notified of the further course of action.

2.1.5.5.4.2.2. Such notification may contain: the approval for repair and confirmation of assumption of a certain amount of costs by TecAlliance, or the initiation of an investigation of the reported damage by TecAlliance itself or a third party authorised by TecAlliance.

2.1.5.5.4.2.3. If an investigation of the case of damage by TecAlliance comes to the conclusion that the asserted claim is legitimate, TecAlliance shall bear, in addition to the necessary costs of repair, all costs of the investigation and any verifiable damage suffered by the Customer as a result of the delay caused by the investigation. On the other hand, if the result of the investigation does not confirm the legitimacy of the claim, TecAlliance reserves the right to charge all costs relating to the investigation to the Customer who has asserted the claim and filed the damage report.
