

We do,
what we love.

Data Scientist Intern [m/w]

starting date: as of now, in Frankfurt, fulltime

savedroid creates a unique AI-fueled ecosystem of crypto saving and investing for the masses. Our mission is to help young people to save money and cryptocurrencies comfortably and safely with Germany's first intelligent savings app and to fulfill their small and big wishes almost unnoticed. We follow a passionate style and are passionate about making our product a hit.

Your tasks

- Loading data, cleaning data, preparing data for analyses
- Performing analyses on your own
- Independent in learning new Data Science methods and in applying them to data
- Visualizing results
- Engaging actively in discussions and planning of further Data Science steps

Preferred Skillset

- Ambitious, and confident self-sufficient personality
- You should be a team-player, and you should experience maximal joy in doing everything around data
- You have the following skills: Python + libraries for Data Science, data handling skills, experience in data analytics
- Welcomed additional skills: Keras, PyTorch, TensorFlow, R, git, SSH, any machine learning models, big-data technologies, crypto-related technologies
- You speak and write English fluently. German skills are a plus but not a requirement

Benefits

- The possibility to work with incredibly smart people, a great team
- The chance to develop and strengthen your skills in an exciting fast paced work environment
- Responsible for diversified tasks in an exciting industry with...
- team-oriented, open-minded working environment made of dynamic colleagues, super team-offsites, sport & socializing events, and much more
- Steep learning curve
- Burn-out-protection-dogs: Lila & Jewa
- Just check out our videos about working at savedroid and our product on YouTube
- And as we know, you can't just live on love and air alone, so we are paying you 450€ a month

And this is us:

- We employ and empower the best talents and value their expertise
- We work passionately and fearlessly beyond our comfort zones to improve continuously
- We actively listen to, constructively manage, and protect our communities
- We respect and help each other and create a fun and caring environment
- We solve problems hands-on, but openly discuss topics affecting everyone
