100% bioidentical composition – ingredients identical to natural skin lipids for high skin compatibility
Sustainable use of food industry by-products
Zero-toxicity lifecycle – free from water, emulsifiers, preservatives, synthetic fragrances
Biodegradable and compostable packaging – designed to return safely to nature
PureCycle Beauty program – a circular cosmetics concept covering the entire product lifecycle
Highly concentrated formulas
European origin and local production

VISION

To become a leading European brand in bioidentical natural cosmetics based on science, ethical production, and circular sustainability. Over the next five years, Bohemian Cosmetics aims to expand its product portfolio, enter European markets (especially DACH, Benelux, and Scandinavia), and develop B2B partnerships with dermatology clinics, wellness centers, premium hotels, and pharmacies. The long-term vision also includes creating an educational center connecting science, nature, and the community.
