

Call for project partner pitches

International Production Environmental Community

Shaping the Future: AI-Driven Innovations for Sustainable Industry in Europe

Pitch Session – Shaping the Future: AI-Driven Innovations for Sustainable Industry in Europe

All participants at IPEC "Shaping the Future 2025" looking for project partners (**no sales presentation**) have the opportunity to submit a presentation proposal for the Afternoon Pitch Session, which will take place on the **18th of March 2025**.

The organizing committee will select **six presentations** with different topics from **six different countries**. Presentations will last between **5 to 10 minutes** and consist of a maximum of **5 slides**, including a company profile and contact details. The selection process will remain open until the **28th of February 2025**.

Please send your presentation with the following information to Ms. Martina Schuhmacher at **schuhmacher@bayern-innovativ.de** :

Three slides:

- **Slide 1:** Description of your project idea, preferably related to the event theme "Shaping the Future: AI-Driven Innovations for Sustainable Industry in Europe".
- **Slide 2:** Description of the partner profile you are looking for.
- **Slide 3:** Outline the benefits for your partners.

Take this opportunity to showcase your products and services by publishing them in the Marketplace Area of the platform to reach as many participants as possible and find new project partners.

Please note that profiles without **[marketplace information](#)** will not be considered for the Pitch Session. Additionally, make use of our marketplace within the event platform to maximize your outreach once our homepage is live.
