

FirstBucks s.r.o.

Connectin Students Directly with Companies and Job Opportunities in Their Field

UNIQUE SELLING POINTS

- Matches students with companies based on skills and projects, not just CVs
- Enables students to showcase their experience, projects, and interests
- Helps companies discover talent before students enter the job market
- Makes connections between students and employers more authentic and efficient
- Fosters meaningful collaboration between students and businesses

VISION

To create a world whree every student can grow through opportunities that truly advance their career. FirstBucks aims to become more than a job platform by building a community that connects young talent with companies, using AI to help students develop their skills and find their ideal career path.
