

Jazyková škola COOL s.r.o.

Early Childhood Development and Prechool Education

UNIQUE SELLING POINTS

Modular design
Systematic product ecosystem
Compatibility between products as well as with widely available sensory play accessories, educational toys, and everyday household items
Multifunctionality

VISION

To build a successful and thriving company that develops and manufactures sensorimotor products while establishing a strong brand in the field of sensory play, both in the Czech Republic and internationally. The company also aims to become a trusted partner for preschools and other institutions focused on children's development and education.
