

VR School s.r.o.

Vision of Widespread Use of Virtual Reality in Schools

UNIQUE SELLING POINTS

- Comprehensive VR solution for schools, including teacher methodology and supplementary educational materials
- Easy integration into teaching, suitable for both students and teachers
- Fully hand-controlled experience without the need for controllers
- Continuous expansion of educational content
- Individual approach tailored to each school's needs

VISION

The vision is to transform the way students learn and help teachers deliver education in a more modern and effective way. Through virtual reality, the company aims to provide learning experiences that are visual, interactive, and engaging. It is building the future of education based on immersive experiences.
