

3+ Shelving system

Flexible, functional and mobile shelving system.

The **3+ Shelving system** uses the flexibility of the 3+ technology solutions to the full extent with rearrangeable bars. It can be used for organisation of books, file folders as well as tool boxes in a workshop or even as a display shelving for retail business. 3+ Function Plate or 3+ Accessories expand its possibilities and functionality.

Buying extra shelving sets will help you expand your unit in every direction.

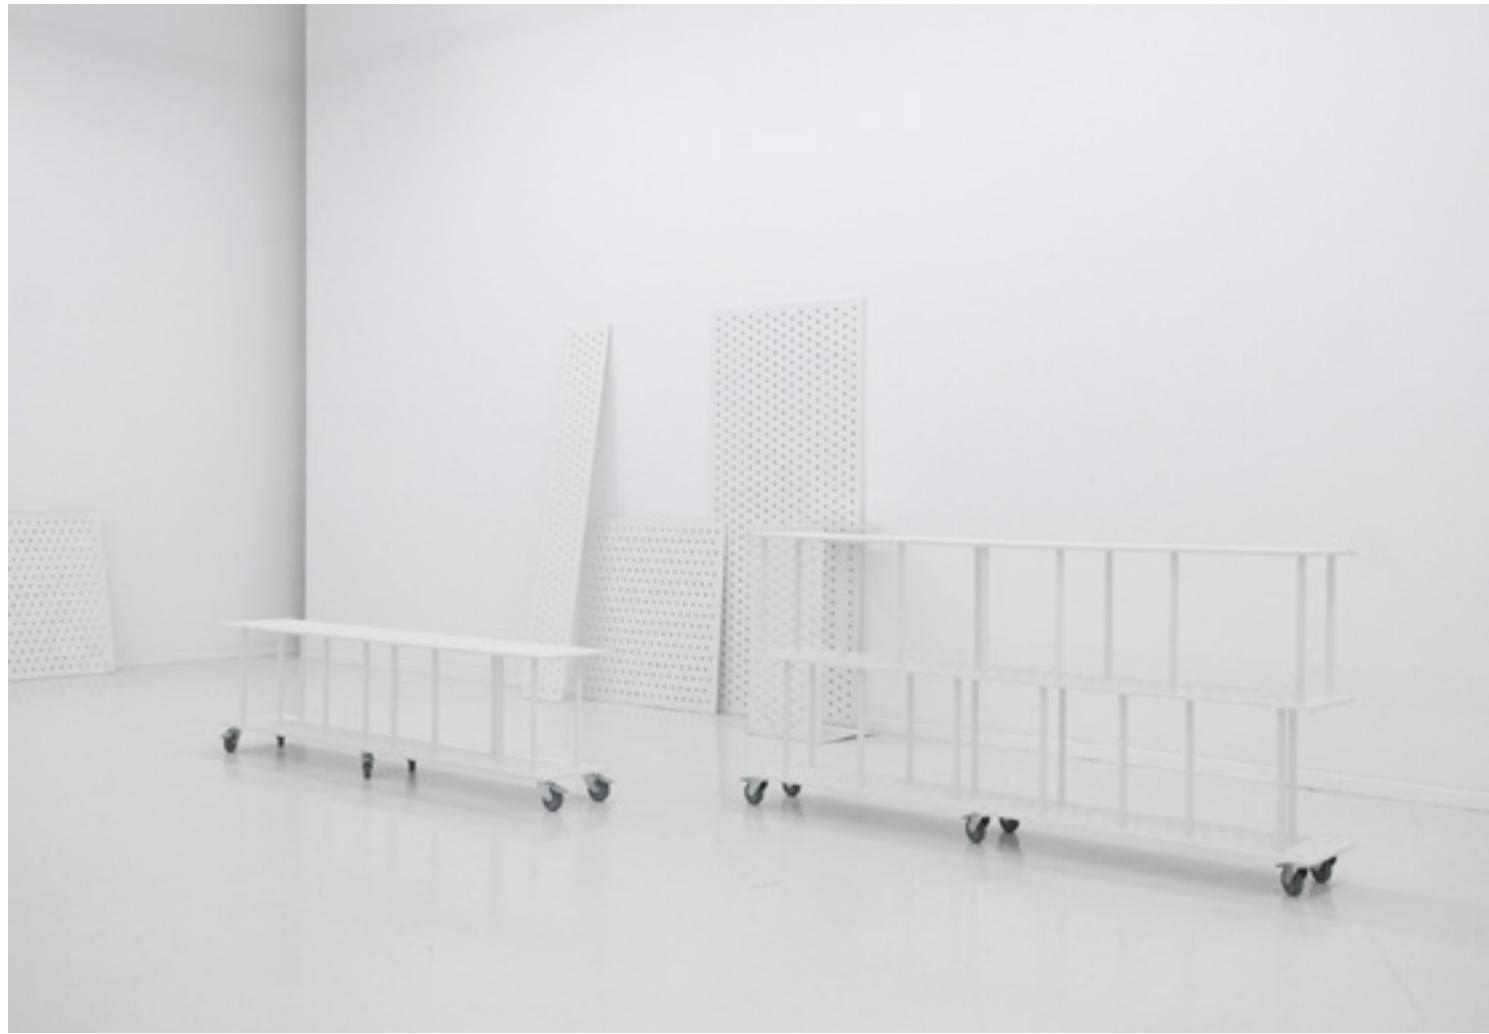

Shelves can be easily expanded along, across and upwards without limits. You can use them at your home, office, library, warehouse and everywhere you want!

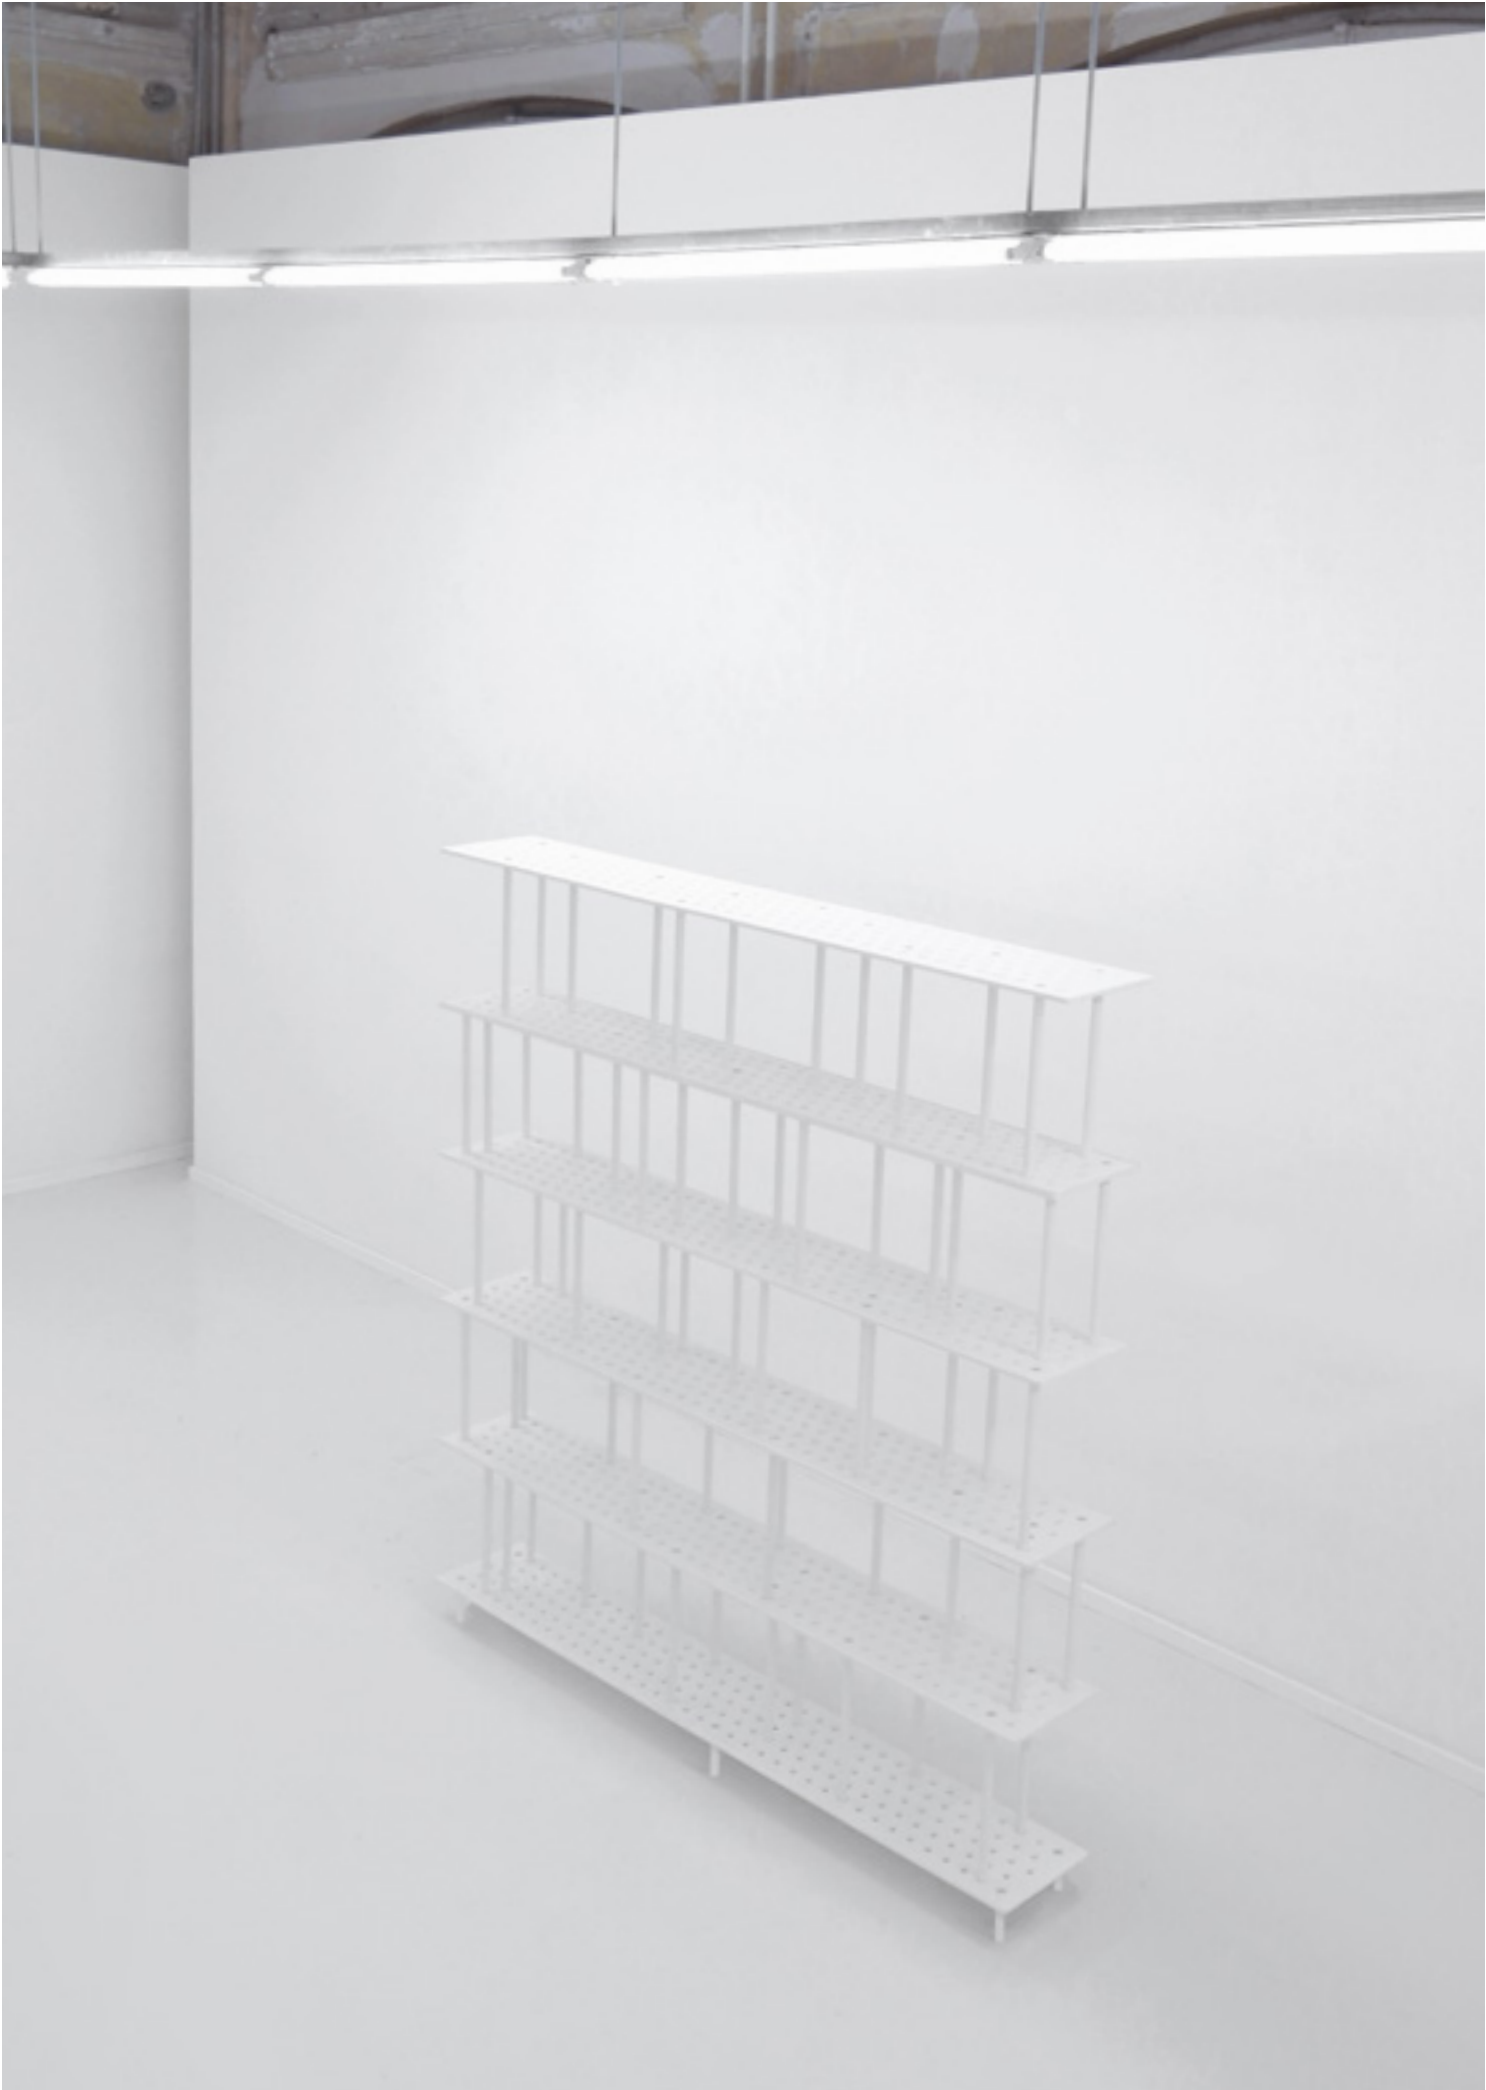

System adapted to each space.
You can design your own space using different variants of the system. It is a perfect base for creating a functional workplace, furnishing conference or dining room.

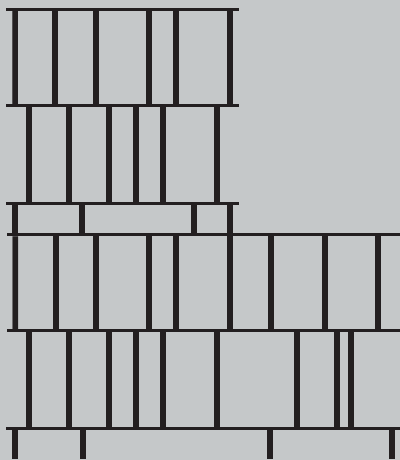

Shelving system allows to create complex wall units as well as small mobile cabinet, perfect for office and home.

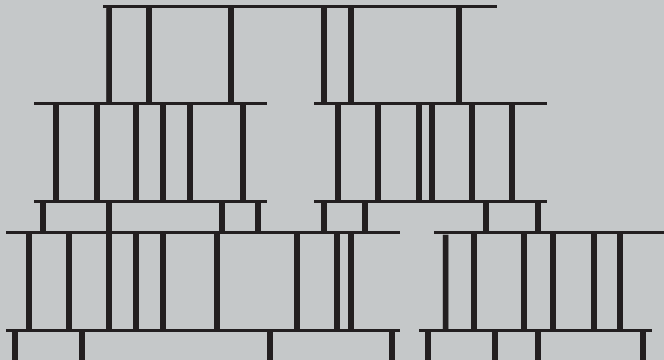

Few elements, many solutions.

1 x Shelving set 1
1 x Shelving set 2

Wood

Copper
(limited edition)

3+ is a collection of furniture made in our technology of sheet metal forming. Using advantage of holes and technical characteristics allowed to create three kinds of furniture that are an onset to further development of 3+ system. Standard set of furniture can be rearranged and expanded in order to create remarkable solutions for offices, houses and public venues.

Entire basic collection is made of high quality aluminum. In addition to light material, we created a technology of ultra light metal sheets where stability is as important as weight. The collection is mobile, easy to assemble, allowing to add any 3+ accessories.

Designed and manufactured in the EU.
